ENTRANCE TO MEMORIAL FIELD

FOREWORD

Although our days at Nelson County High School are happy days, they are also days filled with ever-increasing efforts for greater progress and achievement. It is our objective to use the fine educational facilities at our disposal to achieve the maximum in quality education. Our first and most important objective is to provide for each student a broad background of useful knowledge. This is not, however, the only line in which we seek achievement. It is our purpose here at Nelson to prepare ourselves for useful, responsible lives of leadership and service to ourselves and our fellow beings. To learn facts and figures is education in a sense, but only in a very limited sense. In its fullest meaning, education is a precious privilege that we may use to achieve the full, meaningful lives that we were meant to live. To be useful in the world of which we are a part, to provide leadership where leadership is needed, to understand and be understood, and to take our places in an adult world with confidence and pride are the goals that we work to achieve. Let us then be satisfied only with an education in its fullest meaning. Let us set our goals high and reach for the summit. Let us resolve that our school days shall be filled with true happiness--the happiness of achievement, our theme for 1958-59.

MR. DICKIE MOON, Visiting Teacher

A friend to all in general and the schools in particular.

WILLIAM L. KIRBY, JR., Principal

There are many reasons why the staff and student body of Nelson County High School are very proud of and devoted to our principal, Mr. William L. Kirby, Jr. Foremost among these reasons is his ability in organization and administration. This has been a marvel to visitors in our school from far and near. Mr. Kirby does not waste words, but every word he speaks conveys confidence and trust. His gracious courtesy, straight-forward sincerity, depth of loyalty to his associates, and personal dedication to the welfare of Nelson County High School have placed his leadership far above and beyond the call of duty.

FRANCES GRANT, Secretary

A clear understanding of the problems of both teachers and students, plus a cheerful and efficient execution of her duties make Miss Grant a most valuable adjunct to the administrative staff.

J. A. MICHAEL
Assistant Principal

We are fortunate this year to have two friendly and efficient individuals in the assistant principal's office. Performing his duties as assistant principal is a man whom we have all come to respect and regard with esteem. Although Mr. Michael is engaged mainly in the area of discipline, he is more often thought of in terms of friend and advisor than disciplinarian. Mr. Michael has brought to our school a sense of order and well-being. We are very appreciative of this, and we hope that Mr. Michael will enjoy being with us as much as we enjoy having him here.

JAMES BRAWLEY
Assistant Principal

Among the new faces at Nelson County High School this year is a likeable man who is also our assistant principal. Mr. Brawley is a very busy man engaged in both the teaching and administration ends of education, but he always manages to find time for us students. Soul-trying problems in transportation are among the tasks handled so capably by Mr. Brawley. In a few short months, he has become an important and necessary part of our school. We regard Mr. Brawley as a friend and helper, and we welcome him to Nelson County High School.

COMMENCEMENT

Perhaps you have been thinking of this occasion for some time. Graduation is only the beginning of a brighter future. We hope that it is a "commencement" of greater things to come.

In America we enjoy the world's highest standard of living. If we are to continue to enjoy these benefits, we must have better trained men and women. We need more scientists; more trained engineers; and better qualified people in all walks of life. It's your future — use it wisely.

THE CENTRAL VIRGINIA ELECTRIC COOPERATIVE

Lovington, Virginia

Organized in Nelson County in 1937 by its owners, the farmers who pledged their membership to secure the blessings of modern, dependable electric service, and have extended this service to over 30,000 persons in Nelson, Amherst, Albemarle, Greene, Fluvanna, Goochland, Cumberland, Prince Edward, Appomattox, Campbell, Buckingham, Orange and Louisa counties.

The owners of this modern electric distribution system are its consumers, a portion of whose electric bill retires its debt. Before another twenty years expire, it will have retired its debt while continuing its vital service - still at the old 1937 rates.

We salute the 1958-59 class, many of whom will be listed among our owners. Don't let anyone talk you out of your heritage.
